

SN	Applicant/Project	Amount	Description
1778	<b>Abbeville, City of</b> Water/Sewer Improvements	\$500,000	The City of Abbeville proposes to use \$500,000 in CDBG funds for water and sewer system improvements. The project consists of replacing 1,852 linear feet of sewer main, extending existing sewer mains an additional 1,876 linear feet, and installing 1,960 linear feet of water mains. The project will benefit 155 persons, of whom 150 (97%) are LMI. The total project cost is \$573,979, with \$73,979 in match and leverage funds.
1762	<b>Ambrose, City of</b> Water Improvements	\$368,600	The City of Ambrose proposes to use \$368,600 in CDBG funds to construct water system improvements. The project consists of rehabilitating the 50-year old elevated water tank. The project will benefit 290 persons, of whom 206 (71%) are LMI. The total project cost is \$403,015, with \$34,415 in match and leverage funds.
1769	<b>Argyle, City of</b> Water Improvements	\$565,550	The City of Argyle proposes to use \$565,550 in CDBG funds for city-wide water system improvements. The project will consist of installing 6-inch mains to replace undersized 1.5-inch, 2-inch, and 4-inch water lines. The project will benefit 200 persons, of whom 178 (89%) are LMI. The total project cost is \$593,040, with \$27,490 in match and leverage funds.
1675	<b>Ashburn, City of</b> Water Improvements	\$237,639	The City of Ashburn proposes to use \$237,639 in CDBG funds for water system improvements. The project will replace 5,260 linear feet of undersized water lines with 6-inch PVC mains and install seven new hydrants. The project will benefit 116 persons, of whom 107 (92%) are LMI. The total project cost is \$270,835, with \$33,196 in match and leverage.
1676	<b>Bainbridge, City of</b> Drainage/Streets Improvements	\$277,280	The City of Bainbridge proposes to use \$277,280 in CDBG funds for storm drainage improvements in the Wheat Avenue neighborhood. The project will replace undersized drainage pipes, improve catch basins and drop inlets, and add drainage infrastructure on Broughton Street. The project will benefit 65 persons, of whom 62 (95%) are LMI. The total project cost is \$388,529, with \$111,249 in match and leverage.
1776	<b>Blackshear, City of</b> Sewer Improvements	\$500,000	The City of Blackshear proposes to use \$500,000 in CDBG funds to provide sewer improvements to residents in the southwest portion of the City. The project consists of rehabilitating the existing sewer pipes using the cured-in-place method and the rehabilitation of manholes throughout the target area. The project will benefit 183 persons, of whom 181 (99%) are LMI. Total project cost is \$566,875, with \$66,875 in match and leverage funds.

SN	Applicant/Project	Amount	Description
1686	<b>Blakely, City of</b> Multi Activity Program	\$1,000,000	The City of Blakely proposes to use \$1,000,000 in CDBG funds for infrastructure and housing improvements in the North Avenue neighborhood. The project will replace sewer lines and laterals, make street and drainage improvements, reconstruct six homes, rehabilitate three homes, and clear six dilapidated structures. The project will serve 115 persons, of whom 110 (95%) are LMI. The total project cost is \$1,089,911, with \$89,911 in match and leverage.
1672	<b>Brantley County</b> Drainage/Streets Improvements	\$666,231	Brantley County proposes to use \$666,231 in CDBG funds for street and drainage improvements for the Chicora Road neighborhood and the Blue Jay Road neighborhood. The project will benefit 231 person, of whom 176 (76%) are LMI. The project consists of paving approximately 3.5 miles of road and installing drainage ditches alongside the new roads. The total project cost is \$903,987, with \$237,756 in match and leverage.
1761	<b>Broxton, City of</b> Sewer Improvements	\$606,938	The City of Broxton proposes to use \$606,938.00 in CDBG funds for sewer system improvements. The project will consist of the rehabilitation of the City's existing wastewater treatment facilities. The improvements will benefit 1,347 persons, of whom 986 (73%) are LMI. Total project cost is \$684,140, with \$74,202 in match and leverage funds.
1693	<b>Buena Vista, City of</b> Water Improvements	\$490,000	The City of Buena Vista proposes to use \$490,000 in CDBG funds for improvements to the Water Treatment Plant. The project includes the replacement of the pumps at the Rogers Street well and the Old City Hall wells, which would include on-site treatment buildings. The project will benefit 2,173 persons, of whom 1,918 (86%) are LMI. Total project cost is \$510,500, with \$20,500 in match and leverage.
1713	<b>Bulloch County</b> Senior Center	\$750,000	Bulloch County proposes to use \$750,000 to assist with the construction of a new 6,200 square-foot senior activity center on County owned property in the City of Statesboro. The new center will replace the existing center located on Denmark Street. The project will benefit 124 persons, of whom 124 (100%) are LMI. The total project cost is \$951,346, with \$201,346 in match and leverage.
1722	<b>Burke County</b> Health Center	\$734,854	Burke County proposes to use \$734,854 in CDBG funds for the renovation of the Burke County Health Department. The project will benefit 401 persons, of whom 366 (91%) are LMI. The total project cost is \$776,365, with \$41,520 in match and leverage.

SN	Applicant/Project	Amount	Description
1684	<b>Butler, City of</b> Sewer Improvements	\$705,419	The City of Butler proposes to use \$705,419 in CDBG funds for sewer improvements on Judge Street, Ridge Street, MLK Jr. Boulevard, Mason Lane, Georgia Road, Whitening Road, and Mockingbird. The project will benefit 145 persons, of whom 123 (84%) are LMI. The project will replace failing and undersized sewer lines with 8-inch PVC mains and replace failing manholes with 24 new manholes. The total project cost is \$774,705, with \$69,286 in match and leverage.
1753	<b>Butts County</b> Drainage/Streets Improvements	\$659,787	Butts County proposes to use \$659,787 of CDBG funds for street and drainage improvements. The project consists of paving 0.93 miles of dirt roads and installing adequate drainage improvements. The project will benefit 52 persons, of whom 38 (73%) are LMI. Total project cost is \$788,026, with \$128,239 in match and leverage funds.
1680	<b>Byron, City of</b> Neighborhood Revitalization	\$750,000	The City of Byron proposes to use \$750,000 in CDBG funds for housing improvements on Dempsey Avenue, Boy Scout Road, Poole Street, and Poole Alley. The project will benefit 42 persons, of whom 40 (95%) are LMI. All rehabilitation and reconstruction activities will benefit 100% LMI persons. The project will rehabilitate nine homes, reconstruct five homes, and two units will be cleared. Total project cost is \$773,307, with \$23,307 in match and leverage.
1712	<b>Cartersville, City of</b> Water Improvements	\$500,000	The City of Cartersville proposes to use \$500,000 in CDBG funds to replace aging and failing water lines within the ATCO Mill Village Phase I Target Area. The project will install approximately 7,700 linear feet of 8-inch water line and approximately 11 fire hydrants within the target area. The project will benefit 277 persons, of whom 237 (86%) are LMI. The total project cost is \$1,128,791, with \$628,791 in match and leverage funds.
1701	<b>Cedartown, City of</b> Sewer Improvements	\$750,000	The City of Cedartown proposes to use \$750,000 in CDBG funds for sewer improvements in the Goodyear Mill Village target area. The project will serve 222 persons, of whom 204 (92%) are LMI. The project will consist of replacing deteriorated sewer force main, collection lines, manholes, and providing new service laterals. The total project cost is \$1,013,220, with \$263,220 in match and leverage.
1749	<b>Charlton County</b> Drainage/Streets Improvements	\$623,889	Charlton County proposes to use \$623,889 of CDBG funds to provide street paving and drainage improvements to Forest Lake Drive and Forest Lake Court. The project will benefit 54 persons, of whom 41 (75%) are LMI. Total project cost is \$693,679, with 69,790 in match and leverage funds.

SN	Applicant/Project	Amount	Description
1707	<b>Chattooga County</b> Water Improvements	\$750,000	Chattooga County proposes to use \$750,000 in CDBG funds for water improvements along Mountain View Road. The project will consist of replacing existing asbestos-cement water lines, including all service laterals, connections, valves, and fire hydrants. The project will benefit 185 persons, of whom 146 (79%) are LMI. The total project cost is \$832,966, with \$82,966 in match and leverage.
1716	<b>Chickamauga, City of</b> Water Improvements	\$544,478	The City of Chickamauga proposes to use \$544,478 in CDBG funds for water system improvements in the Longwood/Park Street neighborhood. The project will consist of the installation of 5,650 linear feet of 6-inch PVC, 1,160 linear feet of 2-inch PVC, and two fire hydrants. The project will benefit 147 persons, of whom 124 (84%) are LMI. The total project cost is \$653,147, with \$108,669 in match and leverage.
1775	<b>Coffee County</b> Neighborhood Revitalization	\$498,925	Coffee County proposes to use \$498,925 in CDBG funds to implement Phase 2 of rehabilitation in the Oak Park neighborhood. The project consists of the rehabilitation of two owner-occupied deteriorated housing units, reconstruction of five owner-occupied dilapidated housing units, and the acquisition and clearance of six vacant, dilapidated units. The project will directly benefit 14 persons, of whom 100% are LMI. The total project cost is \$508,394, with \$9,469 in match and leverage funds.
1715	<b>Colbert, City of</b> Water Improvements	\$334,769	The City of Colbert proposes to use \$334,769 in CDBG funds for water system improvements in two separate target areas. Target area number 1 will benefit 79 persons, of whom 60 (75%) are LMI. Target area number 2 will benefit 36 persons, of whom 30 (83%) are LMI. The project consists of replacing old cast iron and asbestos-cement lines with new PVC water mains. The total project cost is \$371,969, with \$37,200 in match and leverage.
1743	<b>Collins, City of</b> Sewer Improvements	\$750,000	The City of Collins proposes to use \$750,000 in CDBG funds for sewer improvements. The project will consist of manhole rehabilitation; cleaning 8,825 linear feet of existing gravity sewer; 8,825 linear feet of Cured-in-Place rehabilitation for the existing 8-inch sewer; 6,225 linear feet of 4-inch PVC service laterals; and 83 sewer service connections. The project will benefit 178 persons, of whom 166 (93%) are LMI. The total project cost is \$838,841, with \$88,841 in match and leverage.
1669	<b>Colquitt County</b> Drainage/Streets Improvements	\$533,858	Colquitt County proposes to use \$533,858 in CDBG funds for street and drainage improvements along Holly Lane and Foxthick Road. The project will benefit 102 persons, of whom 75 (73%) are LMI. The project consists of construction of a 20-foot wide asphalt paved road, installation of curb and gutter, installation of roadside ditches, new cross drainage piping, and erosion control measures. The total project cost is \$898,892, with \$365,034 in match and leverage.

SN	Applicant/Project	Amount	Description
1780	<b>Colquitt, City of</b> Multi Activity Program	\$1,000,000	The City of Colquitt proposes to use \$1,000,000 in CDBG funds for sewer, flood and drainage, street improvements, and safety issues of residents living in dilapidated or substandard homes. The project will serve 129 people, of whom 127 (98%) are LMI. The total project cost is \$1,101,667, with \$101,667 in match and leverage funds.
1759	<b>Cook County</b> Drainage/Streets Improvements	\$701,884	Cook County proposes to use \$701,884 in CDBG funds to provide street and drainage improvements along Chaserville Boulevard, Chaser Drive, Jo Treadway Road, and Indigo Lane. The project consists of 4,412 linear feet of paving and drainage improvements. This project will benefit 119 persons, of whom 103 (87%) are LMI. Total project cost is \$782,359, with \$80,475 in match and leverage funds.
1689	<b>Cordele, City of</b> Drainage/Streets Improvements	\$500,000	The City of Cordele proposes to use \$500,000 in CDBG funds for drainage improvements in the Gillespie Selden Neighborhood. The project will benefit 187 persons, of whom 187 (100%) are LMI. The project consists of replacing the roadway ditches and deteriorated storm pipe system with properly sized storm sewer pipe and inlets. The total project cost is \$549,800, with \$49,800 in match and leverage.
1735	<b>Cornelia, City of</b> Water/Sewer Improvements	\$750,000	The City of Cornelia proposes to use \$750,000 in CDBG funds for sewer and drainage improvements in the Old Cleveland Road and Wayside/Foster Street neighborhood. The project consists of installing 3,900 linear feet of 8-inch sanitary sewer, 2,700 linear feet of 10-inch sanitary sewer, 22 manholes, and 1,300 linear feet of 6-inch PVC service laterals. The project will benefit 475 persons, of whom 432 (91%) are LMI. The total project cost is \$3,032,987, with \$2,282,987 in match and leverage funds.
1671	<b>Crisp County</b> Water Improvements	\$243,891	Crisp County proposes to use \$243,891 in CDBG funds for water system improvements in the Willow Lake mobile home park. The project will consist of replacing 2,050 linear feet of water line and the installation of two fire hydrants. The project will benefit 51 persons, of whom 37 (72%) are LMI. The total project cost is \$294,843, with \$50,952 in match and leverage.
1696	<b>Cusseta-Chattahoochee</b> Neighborhood Revitalization	\$280,662	The Unified Government of Cusseta-Chattahoochee County proposes to use \$280,662 in CDBG funds to assist with neighborhood revitalization in the McNaughton Street neighborhood. The project will benefit 18 persons, of whom 18 (100%) are LMI. The project consists of the rehabilitation of five stick-built homes, reconstruction of one mobile housing unit (MHU), demolition of three dilapidated stick-built homes, and demolition of three MHUs. The total project cost is \$329,165, with \$48,503 in match and leverage.

## 2017 CDBG Applications

SN	Applicant/Project	Amount	Description
1703	<b>Cuthbert, City of</b> Sewer Improvements	\$500,000	The City of Cuthbert proposes to use \$500,000 in CDBG funds for Phase II sewer improvements in a Target Area encompassing Hood, Seaboard, Birch and 4th Streets. The project will replace the Birch Street lift station, rehabilitate the existing sewer main with 3,900 linear feet of 8-inch cured-in-place sewer main, and rehabilitate manholes. The project will benefit 371 persons, of whom 346 (93.26%) are LMI. The total project cost is \$545,000, with \$45,000 in match and leverage.
1725	<b>Danville, City of</b> Water Improvements	\$468,500	The Town of Danville proposes using \$468,500 in CDBG funds for a city wide water infrastructure improvement project to benefit 106 families. The project includes replacing 2" water mains on Williams Road and Second Street/Atwell Road with 6" mains. The project will benefit 272 people, of whom 199 (73.2%) are LMI. The City has committed \$10,000 in match and leverage to support this project. Total project cost is \$478,500.
1670	<b>Decatur County</b> Drainage/Streets Improvements	\$538,301	Decatur County proposes to use \$538,301 in CDBG funds for drainage and street improvements in the Bethel Heights Neighborhood. The project will pave approximately 1.16 miles of dirt roads and will install drainage piping with drop inlets. The project will benefit 108 persons, of whom 96 (89%) are LMI. The total project cost is \$816,775, with \$278,474 in match and leverage.
1750	<b>Dexter, City of</b> Sewer Improvements	\$420,700	The City of Dexter proposes to use \$420,700 in CDBG funds for rehabilitation of its wastewater treatment plant. The project will benefit 611 persons, of whom 491 (80%) are LMI. Total project cost is \$471,300, with \$50,600 in match and leverage funds.
1754	<b>Dooling, City of</b> Neighborhood Revitalization	\$630,094	The City of Dooling proposes to use \$630,094 in CDBG funds for neighborhood revitalization. The project will consist of the acquisition and clearance of four vacant/dilapidated housing units, rehabilitation of six housing units, and reconstruction of six housing units. The clearance project will benefit 96 persons, of whom 82 (85%) are LMI. The rehabilitation and reconstruction projects will benefit 100% LMI. Total project cost is \$641,770, with \$11,676 in match and leverage funds.
1764	<b>Douglas, City of</b> Water/Sewer Improvements	\$543,459	The City of Douglas proposes to use \$543,459 in CDBG funds for sanitary sewer and water system improvements. The project will consist of rehabilitating the 8-inch, 4-inch, and 6-inch sewer lines; replacing an existing 1-inch water line with an 8-inch PVC main, and the installation of four fire hydrants. The project will benefit 292 persons, of whom 273 (93%), are LMI. The total project cost is \$684,791, with \$141,332 in match and leverage funds.

SN	Applicant/Project	Amount	Description
1683	<b>Dublin, City of</b> Neighborhood Revitalization	\$710,000	The City of Dublin proposes to use \$710,000 in CDBG funds for neighborhood revitalization on Flanders, Pritchett, Chester, Marcus, and Roberts Streets. The project will rehabilitate 13 housing units, reconstruct one housing unit, and acquire and clear three units. The project will benefit 139 persons, of whom 125 (90%) are LMI. The total project cost is \$763,577, with \$53,577 in match and leverage.
1736	<b>Eastman, City of</b> Water Improvements	\$750,000	The City of Eastman proposes to use \$750,000 in CDBG funds to improve water distribution lines, fire protection and water quality within one low- to moderate-income Target Area. The scope of work will include over 15,000 linear feet of 6 and 4 inch PVC water lines, 11 replacement fire hydrants, and 11 new fire hydrants. The project will benefit 515 persons, of whom 381 (73%) are LMI. The total project cost is \$871,000, with \$121,000 in match and leverage funds.
1695	<b>Ellaville, City of</b> Water Improvements	\$319,717	The City of Ellaville proposes to use \$319,717 in CDBG Funds for water system improvements. The project will benefit 2,022 persons, of whom 1,597 (79%) are LMI. The project consists of replacing 6,200 linear feet of asbestos pipe with 6-inch PVC. The total project cost is \$340,217, with \$20,500 in match and leverage.
1710	<b>Flovilla, City of</b> Water Improvements	\$567,453	The City of Flovilla proposes to use \$567,453 in CDBG funds for water improvements in the Indian Springs Community. The project will install 7,800 linear feet of 6-inch PVC main (to replace an inadequate 1-inch main), plus service laterals, fire hydrants, and valves. The project will benefit 165 persons, of whom 160 (97%) are LMI. The total project cost is \$649,157, with \$81,704 in match and leverage.
1726	<b>Forsyth, City of</b> Water Improvements	\$412,181	The City of Forsyth proposes to use \$412,181 in CDBG funds for water improvements in a Target Area that encompasses Blount, Thomas, and Zellner Streets; Clearview Ave.; Freeman Rd.; and Brown, Phillips, and School Boy Lanes. The project will install 8,000 linear feet of 8-inch PVC main and 500 linear feet of 6-inch PVC (to replace current, smaller mains), new water meters, gate valves, and fire hydrants. The project will benefit 182 persons, of whom 142 (78%) are LMI. The total project cost is \$485,431, with \$73,250 in match and leverage.

SN	Applicant/Project	Amount	Description
1718	<b>Fort Valley, City of</b> Sewer Improvements	\$750,000	The City of Fort Valley proposes to use \$750,000 in CDBG funds for sewer improvements for a Target Area that encompasses Carmen and Courtland Avenues, Boulevard, College, Neil, and South Montrose Streets, and Mimosa Drive. The project will install 4,400 linear feet of 8-inch main, 1,300 linear feet of 6-inch PVC force main, manholes, and related items. The project will benefit 452 persons, of whom 416 (92%) are LMI. The total project cost is \$850,000, with \$100,000 in match and leverage.
1677	<b>Franklin, City of</b> Water/Sewer Improvements	\$750,000	The City of Franklin proposes to use \$750,000 in CDBG funds for water and sewer improvements in the South River Road Target Area and Target Area 2, which includes 20 units of the Franklin Housing Authority and an apartment complex on Main Street. The project will include rehabilitation of 10,320 linear feet of sewer lines, installation of 1,100 linear feet of 6-inch water main and two fire hydrants. The project will benefit 330 persons, of whom 322 (98%) are LMI. The total project cost is \$985,000, with \$235,000 in match and leverage.
1682	<b>Garden City, City of</b> Water Improvements	\$360,360	The City of Garden City proposes to use \$360,360 in CDBG funds for water improvements in the Rossignol Hill Neighborhood. The project will replace water service lines to deliver adequate flow. The project will benefit 526 persons, of whom 480 (91%) are LMI. The total project cost is \$509,542, with \$149,182 in match and leverage.
1742	<b>Glennville, City of</b> Sewer Improvements	\$750,000	The City of Glennville proposes to use \$750,000 in CDBG funds for sewer improvements. The project will consist of the rehabilitation of 11,035 linear feet of 8-inch gravity sewer mains. The project will benefit 327 persons, of whom 302 (92%) are LMI. The total project cost is \$916,281, with \$166,281 in match and leverage.
1673	<b>Grady County</b> Drainage/Streets Improvements	\$669,504	Grady County proposes to use \$669,504 in CDBG funds for street and drainage improvements in the Johnson Road Neighborhood. The project will install paving on 1.85 miles of dirt road as well as sloped side ditches, culverts, and cross drain stormwater pipes. The project will benefit 140 persons, of whom 127 (90.71%) are LMI. The total project cost is \$969,676, with \$300,172 in match and leverage.
1690	<b>Griffin, City of</b> Water/Sewer Improvements	\$750,000	The City of Griffin proposes to use \$750,000 in CDBG funds for water and sewer improvements for Phase II of the Meriwether Target Area. The project will replace galvanized and cast iron water mains with ductile iron pipe water mains, add fire hydrants, replace failing clay sewer mains (pipebursting method), replace sewer laterals, and related items. The project will benefit 95 persons, of whom 90 (95%) are LMI. The total project cost is \$1,250,185, with \$500,185 in match and leverage.

## 2017 CDBG Applications

SN	Applicant/Project	Amount	Description
1694	<b>Habersham County</b> Senior Center	\$750,000	Habersham County proposes to use \$750,000 in CDBG funds for public facility expansion of the Habersham Senior Center. The project will construct a new wellness center building to house a comprehensive wellness program, while also creating space in the main senior center building for the facility's other service offerings. The project will benefit 1,400 persons, of whom 1,400 (100%) are LMI. The total project cost is \$838,982, with \$88,982 in match and leverage.
1721	<b>Hancock County</b> Health Center	\$627,950	Hancock County proposes to use \$627,950 in CDBG funds for public facility improvements to renovate the existing Hancock County Health Department building located at 516 Boland Street. The project will include exterior improvements (Hardi-plank siding, water sealant, roof replacement, window and door replacement, etc.) and interior improvements (new HVAC, layout changes, handicap accessible restrooms, exam rooms, etc.). The project will benefit 185 persons, of whom 174 (94.05%) are LMI. The total project cost is \$727,950, with \$100,000 in match and leverage.
1773	<b>Hoboken, City of</b> Neighborhood Revitalization	\$738,811	The City of Hoboken proposes to use \$738,811 in CDBG funds to address substandard housing conditions throughout the city. The project will consist of the rehabilitation of five deteriorated housing units and the reconstruction of nine dilapidated housing units. This project will benefit 19 persons, of whom 100% are LMI. The total project cost is \$756,605, with \$17,794 in match and leverage funds.
1699	<b>Hogansville, City of</b> Water/Sewer Improvements	\$637,900	The City of Hogansville proposes to use \$637,900 in CDBG funds for water and sewer improvements in Target Area A (Blue Creek Ct., Blue Creek Rd., Lincoln St., Royal Ave., and Askew Ave.) and Target Area B (Askew Ave. and Lawrence St.). The project will install 8-inch PVC sewer main, rehabilitate and replace manholes, install cross-linked polyethylene tubing water main and valves, plus related items. The project will benefit 139 persons, of whom 124 (89.21%) are LMI. The total project cost is \$704,751, with \$66,851 in match and leverage.
1724	<b>Irwinton, City of</b> Drainage Improvements	\$545,600	The City of Irwinton proposes to use \$545,600 in CDBG funds for flood and drainage improvements in a Target Area encompassing Allen, Church, Glenn, Hughes, Knight, Payne, and West Main Streets. The project will install culverts, create new ditches, and regrade existing ditches. The project will benefit 96 persons, of whom 80 (83.3%) are LMI. The total project cost is \$573,000, with \$27,400 in match and leverage.

## 2017 CDBG Applications

SN	Applicant/Project	Amount	Description
1717	<b>Ivey, City of</b> Water Improvements	\$512,948	The City of Ivey is requesting \$512,948 in CDBG funds to replace 13,355 feet of water lines and install 15 fire hydrants on Bluffton Circle, County Club Road, Pamela Drive, Pine Bluff Drive, Pine Hill Way, and Rolling Hills Road. The current water system consists of 2" and 4" PVC lines which are outdated and failing. These pipes will be replaced with 6" PVC lines that can support new fire hydrants. The project will benefit 138 persons, of whom 99 (71.74%) are LMI. The City is contributing \$15,000 in match and leverage funds. Total project cost is \$527,948.
1688	<b>Jasper County</b> Senior Center	\$750,000	Jasper County proposes to use \$750,000 in CDBG funds for public facility improvements to the existing Senior Citizen Center located at 26 Mack Tillman Drive. The project will expand the Senior Citizen Center by 2,688 square feet (exercise room, ADA compliant restrooms, food storage, porch and more) and renovate existing space (ADA improvements to drop-off area, cabinetry, flooring, lighting, etc.). The project will benefit 144 persons, of whom 144 (100%) are LMI. The total project cost is \$949,278, with \$199,278 in match and leverage.
1729	<b>Jefferson County</b> Developmental Disability Center	\$724,280	Jefferson County is proposing to use \$724,280 in CDBG funds for public facility renovations to the existing Jefferson County Service Center, located at 1114 Clarks Mill Road, which serves developmentally disabled adults. The project will provide exterior and interior improvements. The project will benefit 42 persons, of whom 42 (100%) are LMI. The total project cost is \$754,280, with \$30,000 in match and leverage.
1714	<b>Kingston, City of</b> Water Improvements	\$267,000	The City of Kingston is requesting \$267,000 to replace 4,350 linear feet of 2-inch dead-end water lines serving Massingale Road. The replacement will be a 6-inch water main to alleviate long-standing issues of low pressure that constitute an ongoing public health hazard for the water customers. The project will benefit 17 occupied households which represent a total of 40 individuals, 30 (75%) of whom are LMI. The total project cost is \$320,000, with \$53,000 in match and leverage.
1763	<b>Lake Park, City of</b> Water Improvements	\$364,569	The City of Lake Park proposes to use \$364,569 in CDBG funds for water system improvements. The project consists of the installation of new water lines, gate valves and fire hydrants. The project will benefit 115 persons, of whom 100 (87%) are LMI. The total project cost is \$552,674 with \$188,105 in match and leverage funds.

SN	Applicant/Project	Amount	Description
1685	<b>Lamar County</b> Health Center	\$750,000	Lamar County proposes to use \$750,000 in CDBG funds for public facility construction of a new Public Health Department building, to be located at 118 Academy Drive. The new 6,076 square-foot building will replace the current inadequate facility. The project will benefit 2,440 persons, of whom 2,130 (87.3%) are LMI. The total project cost is \$1,082,746, with \$332,746 in match and leverage.
1668	<b>Lee County</b> Water Improvements	\$436,457	Lee County proposes to use \$436,457 in CDBG funds for water improvements to serve Greenview Estates. The project will install a looped system of 8-inch water mains, plus fire hydrants, water meters, and valves. The project will benefit 100 persons, of whom 76 (76%) are LMI. The total project cost is \$486,457, with \$50,000 in match and leverage.
1739	<b>Lenox, City of</b> Drainage Improvements	\$725,257	The City of Lenox proposes to use \$725,257 in CDBG funds to improve the flood and drainage system along MLK and South Bobby Street. The project will benefit 74 persons, of whom 62 (84%) are LMI. The total project cost is \$787,907, with \$62,650 in match and leverage funds.
1731	<b>Lincoln County</b> Senior Center	\$743,600	Lincoln County proposes to use \$743,600 in CDBG funds to construct a new wing on the Walker T. Norman Gymnasium facility at 1972 Rowland-York Drive as the county's Senior Center. The project will benefit 51 Seniors (100% LMI). The Senior Center will be a 3,600 square-foot wing with a multi-purpose activity room, dining room, kitchen, and office space. The total project cost is \$773,600, with \$30,000 in match and leverage.
1779	<b>Lumpkin County</b> Senior Center	\$595,726	Lumpkin County proposes to use \$595,726 in CDBG funds for the expansion of a senior center facility to serve seniors throughout Lumpkin County. The total number of beneficiaries is 1,042, with 100% LMI benefit. Total project cost is \$655,326, with \$59,600 in match and leverage funds.
1700	<b>Marion County</b> Drainage/Streets Improvements	\$260,000	Marion County proposes to use \$260,000 in CDBG funds for street improvements on J P Hudson Road. The project will install paving and roadside ditches on this dirt road. The project will benefit 38 persons, of whom 30 (78.9%) are LMI. The total project cost is \$858,163, with \$598,163 in match and leverage.

SN	Applicant/Project	Amount	Description
1745	<b>McRae-Helena, City of</b> Water Improvements	\$580,000	The City of McRae-Helena proposes to use \$580,000 of CDBG funds for water system improvements. The project will consist of replacing water distribution lines and replacement of fire hydrants within two (2) low- to moderate-income Target Areas. The project will benefit a total of 290 persons, of whom 239 (82%) are LMI. The total project cost is \$955,720, with \$375,720 in match and leverage funds.
1751	<b>Milan, City of</b> Drainage Improvements	\$309,456	The City of Milan proposes to use \$309,456 in CDBG funds for storm water drainage improvements. The project will consist of installing approximately 756 linear feet of drainage piping to eliminate flooding conditions. The project will benefit 78 persons, of whom 76 (97%) are LMI. The total project cost is \$342,456, with \$33,000 in match and leverage funds.
1781	<b>Milledgeville, City of</b> Sewer Improvements	\$678,277	The City of Milledgeville proposes to use \$678,277 in CDBG funds to replace aging sewer lines in two Target Areas southeast of downtown. This is Phase II of a multi-stage project. The proposal will benefit 118 persons, of whom 89 (75%) are LMI. The total project cost is \$780,447, with \$102,170 in match and leverage funds.
1734	<b>Millen, City of</b> Multi Activity Program	\$1,000,000	The City of Millen is requesting \$1,000,000 to improve and enhance living conditions for 15 families in a low- to moderate-income area by rehabilitating owner occupied housing, clearing of 10 vacant buildings, along with improvements to streets, sewer and flood and drainage infrastructure. Infrastructure improvements and clearance of vacant housing units will benefit 31 persons, 27 (87.1%) of whom are LMI. Reconstruction of three owner occupied houses will benefit seven residents, all of whom are LMI. The total project cost is \$1,101,281, with \$101,281 in match and leverage.
1705	<b>Montezuma, City of</b> Water Improvements	\$750,000	The City of Montezuma proposes to use \$750,000 in CDBG funds for city-wide water improvements. The project will replace aerators in two water plants, remove and install pressure valves to correct pressure inadequacies, replace water mains, service connections, and fire hydrants, and related items. The project will benefit 3,284 persons, of whom 2,430 (74%) are LMI. The total project cost is \$828,079, with \$78,079 in match and leverage.

## 2017 CDBG Applications

SN	Applicant/Project	Amount	Description
1746	<b>Montgomery County</b> Street Improvements	\$355,499	Montgomery County proposes to use \$355,499 in CDBG funds for street improvements. The project consists of resurfacing Largo Drive and Ashley Alley as well as the creation of a cul-de-sac for Ashley Alley. The project will benefit 46 persons, of whom 42 (91.3%) are LMI. The total project cost is \$385,209, with \$29,710 in match and leverage funds.
1744	<b>Newington, City of</b> Sewer Improvements	\$600,000	The City of Newington proposes to use \$600,000 in CDBG funds for sewer improvements. The project will consist of installing 33 2-Stage Bio-Shell Units and Blowers, a new chlorination building, chlorination equipment, and a floating cover for algae control. The project will benefit 239 persons, of whom 183 (77%) are LMI. The total project cost is \$696,000, with \$96,000 in match and leverage.
1709	<b>Newton County</b> Boys and Girls Club	\$750,000	Newton County proposes to use \$750,000 in CDBG funds for public facility construction of a new 33,318 square-foot Boys and Girls Club facility within walking distance of many members' homes. The project will benefit 250 youth, of whom 234 (93.6%) are LMI. The total project cost is \$1,350,000, with \$600,000 in match and leverage.
1770	<b>Nicholls, City of</b> Sewer Improvements	\$565,078	The City of Nicholls proposes to use \$565,078 in CDBG funds for city-wide sewer system improvements. The project will consist of the rehabilitation of the existing waste treatment facilities and piping within the City. The project will benefit 3,793 persons, of whom 3,654 (96%) are LMI. The total project cost is \$641,283, with \$76,205 in match and leverage funds.
1768	<b>Ocilla, City of</b> Multi Infrastructure Improvements	\$750,000	The City of Ocilla proposes to use \$750,000 in CDBG funds for sanitary sewer, water, street, and drainage improvements. These improvements will take place along 5th, 6th, 7th, Oak, Pine, Lincoln, McKinley, and Roosevelt Streets. The project will benefit 126 persons, of whom 114 (90%) are LMI. Total project cost is \$1,349,602, with \$599,602 in match and leverage funds.
1767	<b>Omega, City of</b> Drainage/Streets Improvements	\$370,713	The City of Omega proposes to use \$370,713 in CDBG funds to provide street paving and drainage improvements. The project consists of paving a portion of County Line Road and the creation of roadside ditches for drainage. The project will benefit 68 persons, of whom 61 (90%) are LMI. Total project cost is \$417,568, with 46,855 in match and leverage funds.

SN	Applicant/Project	Amount	Description
1727	<b>Peach County</b> Health Center	\$634,000	Peach County proposes to use \$634,000 in CDBG funds for public facility renovations to the County Health Department Building located at 406 East Church Street. The project will make exterior and interior improvements to the building (lobby reconfiguration, roof replacement, enlargement of exam rooms, handicap accessibility of restrooms, electrical and mechanical code updates, kitchen, etc.). The project will benefit 4,443 persons, of whom 4,212 (94.8%) are LMI. The total project cost is \$671,750, with \$37,750 in match and leverage.
1772	<b>Pearson, City of</b> Multi Infrastructure Improvements	\$750,000	The City of Pearson proposes to use \$750,000 of CDBG funds to provide water, street, and drainage improvements along Kira Loop, Phillip Lane, and Beth Lane. The project will consist of the installation of new 6-inch water mains, fire hydrants, paving all three streets, and the installation of drainage ditching. The project will benefit 144 residents, of whom 134 (93%), are LMI. Total project cost is \$839,713, with \$89,713 in match and leverage funds.
1755	<b>Pelham, City of</b> Neighborhood Revitalization	\$725,773	The City of Pelham proposes to use \$725,773 in CDBG funds for neighborhood revitalization. The project consists of the acquisition and clearance of eight vacant/dilapidated housing units, the rehabilitation of nine housing units, and the reconstruction of five housing units. The clearance project will benefit 55 persons, of whom 46 (84%) are LMI. Reconstruction and rehabilitation will benefit 100% LMI persons. Total project cost is \$751,233. with \$25,460 in match and leverage funds.
1681	<b>Perry, City of</b> Neighborhood Revitalization	\$722,000	The City of Perry proposes to use \$722,000 in CDBG funds for neighborhood revitalization on Bill, Betty, Jeanne, and Edwards Streets. The project will rehabilitate eight housing units, reconstruct three housing units, and acquire and clear five housing units. The project will benefit 77 persons, of whom 71 (92.21%) are LMI. The total project cost is \$771,371, with \$49,371 in match and leverage.
1752	<b>Pierce County</b> Drainage/Streets Improvements	\$750,000	Pierce County proposes to use \$750,000 in CDBG funds for street and drainage improvements. The project consists of paving 1.47 miles of dirt roads and installation of adequate drainage improvements. The project will benefit 145 persons, of whom 117 (80%) are LMI. Total project cost is \$897,864, with \$147,864 in match and leverage funds.

SN	Applicant/Project	Amount	Description
1698	<b>Pine Mountain, City of</b> Drainage Improvements	\$578,550	The City of Pine Mountain proposes to use \$578,550 in CDBG funds for drainage improvements in the King, Cherry, Blanchard, and Church neighborhood. The project will install a 25-year storm drainage system (removal of dilapidated structures, grading, installation of concrete valley gutters, revised piping locations). The project will benefit 219 persons, of whom 197 (89.95%) are LMI. The total project cost is \$789,550, with \$211,000 in match and leverage.
1691	<b>Plains, City of</b> Water/Sewer Improvements	\$658,800	The City of Plains proposes to use \$658,800 in CDBG funds to make improvements to the City water system. The project will serve 736 persons, of which 655 (88%) are LMI. The project will consist of replacing 2,700 linear feet of 6-inch water main, replacing 10 shutoff valves, and replacing 356 service connections. The total project cost is \$720,700, with \$61,900 in match and leverage funds.
1687	<b>Quitman, City of</b> Multi Infrastructure Improvements	\$750,000	The City of Quitman proposes to use \$750,000 in CDBG funds for multi-infrastructure improvements in the Battle Street Revitalization Area Strategy (RAS) Target Area. The project will install water infrastructure (6-inch PVC water main, fire hydrants, and appurtenances), sewer infrastructure (4-, 8-, and 12-inch PVC sewer pipe, manholes, and appurtenances), street improvements (resurfacing), and drainage improvements (grading, curb and gutter, piping, etc.). The project will benefit 118 persons, of whom 118 (100%) are LMI. The total project cost is \$893,155, with \$143,155 in match and leverage.
1692	<b>Randolph County</b> Drainage/Streets Improvements	\$250,000	Randolph County proposes to use \$250,000 in CDBG funds for street and drainage improvements along Reid Station Road. The project will benefit 35 persons, of whom 27 (77%) are LMI. The project consists of paving Reid Station Road at a width of 20 feet, including mountable curb, curb inlets, and storm pipe. The total project cost is \$270,000, with \$20,000 in match and leverage.
1774	<b>Rebecca, City of</b> Neighborhood Revitalization	\$732,730	The City of Rebecca proposes to use \$732,730 in CDBG funds to address substandard housing conditions throughout the city. The project will consist of the rehabilitation of four owner-occupied deteriorated housing units and the reconstruction of eight owner-occupied dilapidated housing units. This project will benefit 27 persons, of whom 100% are LMI. The total project cost is \$749,724, with \$16,994 in match and leverage funds.

SN	Applicant/Project	Amount	Description
1757	<b>Reidsville, City of</b> Sewer Improvements	\$750,000	The City of Reidsville proposes to use \$750,000 in CDBG funds for sewer system improvements. The project includes the rehabilitation of 4,962 linear feet of 8-inch sewer mains, the rehabilitation of 108 manholes, installation of a new pump station, and 3,300 linear feet of 6-inch force main. The project will benefit 161 persons, of whom 126 (78%) are LMI. Total project cost is \$858,115, with 108,115 in match and leverage funds.
1704	<b>Reynolds, City of</b> Water/Sewer Improvements	\$490,000	The City of Reynolds proposes to use \$490,000 in CDBG funds for water and sewer improvements in a Target Area encompassing E. Calhoun, Liberty, Lashley, and Mimms Streets. The project will replace existing asbestos cement water mains with PVC water mains and vitrified clay gravity sewer mains with new 8-inch PVC gravity sewer, including manholes. The project will benefit 86 persons, of whom 70 (81.4%) are LMI. The total project cost is \$534,780, with \$44,780 in match and leverage.
1737	<b>Rhine, City of</b> Water Improvements	\$600,000	The City of Rhine proposes to use \$600,000 in CDBG funds to improve water distribution lines and improve fire protection services. The scope of work will include over 5,000 linear feet of water main, 8 hydrants, 11 gate valves, well abandonment, well house repairs and storage tank repairs in the target area. The project will benefit 342 persons, of whom 244 (71%) are LMI. The total project cost is \$626,000, with \$26,000 in match and leverage funds.
1706	<b>Richland, City of</b> Sewer Improvements	\$621,150	The City of Richland proposes to use \$621,150 in CDBG funds for sewer improvements along Bush, East Broad, Carter, Chamblis, Church, College, Hudson, Jones, Meyers, Milken, Nicholson, Glenn, North, Parker, and Rembert Streets. The project will benefit 254 persons, of whom 246 (97%) are LMI. The project consists of the rehabilitation of 13,420 linear feet of sewer line and the rehabilitation of eight manholes. The total project cost is \$689,150, with \$68,000 in match and leverage.
1758	<b>Rincon, City of</b> Water/Sewer Improvements	\$750,000	The City of Rincon proposes to use \$750,000 in CDBG funds for water and sewer system improvements. The project includes installing 1,108 linear feet of 6-inch water mains, installation of two new fire hydrants, construction of one new wastewater pump station, installation of 2,596 linear feet of 8-inch gravity sewer, and the installation of 2,460 linear feet of 4-inch force main. The project will benefit 127 persons, of whom 110 (87%) are LMI. Total project cost \$1,491,700, with \$741,700 in match and leverage funds.
1728	<b>Sandersville, City of</b> Boys and Girls Club	\$750,000	The City of Sandersville proposes to use \$750,000 in CDBG funds for building rehabilitation to the Boys and Girls Club facility (the former National Guard Armory building) located at 320 Riddleville Road. The project will make exterior and interior improvements (roof, fencing, HVAC, fire alarm system, insulation, windows, kitchen, etc.). The project will benefit 145 children, of whom 110 (76%) are LMI. The total project cost is \$780,000, with \$30,000 in match and leverage.

SN	Applicant/Project	Amount	Description
1760	<b>Sparks, City of</b> Drainage/Streets Improvements	\$676,552	The City of Sparks proposes to use \$676,552.00 in CDBG funds to provide street paving and drainage improvements on Briarcliff Circle and Deerfield Drive. This project consists of paving two roads and the installation of adequate drainage. The project will benefit 182 persons, of whom 164 (90%) are LMI. The total project cost is \$745,929, with \$69,377 in match and leverage funds.
1708	<b>Stewart County</b> Neighborhood Revitalization	\$750,000	Stewart County proposes to use \$750,000 in CDBG funds to assist with neighborhood revitalization on Dan Brinson Road. The project will benefit 19 persons, of whom 19 (100%) are LMI. The project includes the rehabilitation of three stick built homes, reconstruction of one stick built home, rehabilitation of one mobile housing unit (MHU), and reconstruction of four MHUs. The total project cost is \$809,895, with \$59,895 in match and leverage.
1748	<b>Surrency, City of</b> Drainage/Streets Improvements	\$599,821	The City of Surrency proposes to use \$599,821 in CDBG funds to provide road and drainage improvements on Thomas, Wildes, Crosby, and Eason Streets. The project will consist of paving the four streets, installation of roll-over curb and gutter, and the installation of reinforced concrete pipe to facilitate proper drainage. The project will benefit 42 persons, of whom 38 (90%) are LMI. The total project cost is \$712,571, with \$112,750 in match and leverage funds.
1771	<b>Swainsboro, City of</b> Multi Infrastructure Improvements	\$534,597	The City of Swainsboro proposes to use to \$534,597 in CDBG funds for sewer, street, and drainage improvements. The multi-infrastructure project will benefit homes on West Main Street, McMillan Drive, Crump Street, Waller Drive, Arden Drive, Emanuel Road, and Lakeside Drive. The project will benefit 137 persons, of whom 129 (94%) are low income. Total project cost is \$670,597, with \$136,000 in match and leverage funds.
1674	<b>Sylvester, City of</b> Sewer Improvements	\$703,400	The City of Sylvester proposes to use \$703,400 in CDBG funds for sewer improvements in the Ayers Street Neighborhood. The project will replace sections of 6- and 4-inch sewer lines with 8-inch mains, reroute sewer lines installed at improper grades, and install new manholes. The project will benefit 170 persons, of whom 169 (99.4%) are LMI. The total project cost is \$825,788, with \$122,388 in match and leverage.
1702	<b>Talbotton, City of</b> Sewer Improvements	\$500,000	The City of Talbotton proposes to use \$500,000 in CDBG funds for sewer improvements for a citywide Target Area. The project will rehabilitate six existing pump stations. The project will benefit 551 persons, of whom 455 (82.6%) are LMI. The total project cost is \$520,000, with \$20,000 in match and leverage.

## 2017 CDBG Applications

SN	Applicant/Project	Amount	Description
1756	<b>Tattnall County</b> Drainage/Streets Improvements	\$750,000	Tattnall County proposes to use \$750,000 in CDBG funds for street and drainage improvements on Gloria Jean Road. The project will consist of paving approximately 1.76 miles of road, improving drainage ditches, and installing storm drain piping to address flooding along the road. The project will benefit 65 persons, of whom 57 (88%) are LMI. The total project cost is \$992,218, with \$242,218 in match and leverage funds.
1741	<b>Thomasville, City of</b> Multi Infrastructure Improvements	\$750,000	The City of Thomasville proposes to use \$750,000 of CDBG funds for water, sewer, and storm water drainage improvements in the Fletcherville Neighborhood. The project will benefit 448 persons, of whom 434 (97%) are LMI. The total project cost is \$1,956,000, with \$1,206,000 in match and leverage funds.
1733	<b>Thomson, City of</b> Multi Activity Program	\$1,000,000	The City of Thomson proposes to use \$1,000,000 in CDBG funds for multi-activity improvements (rehabilitation of seven owner occupied housing units as well as water, sewer, and flood and drainage infrastructure). This is Phase I of the Sills Branch Revitalization Area Strategy (RAS). The benefit numbers are as follows: 259 persons (of whom 257 or 99.2% are LMI) for flood and drainage improvements; 110 persons (of whom 108 or 98.2% are LMI) for sewer improvements; 110 persons (of whom 110 or 100% are LMI) for water improvements; 17 persons (of whom 17 or 100% are LMI) for housing. The total project cost is \$1,148,274, with \$148,274 in match and leverage.
1766	<b>Turner County</b> Drainage/Streets Improvements	\$496,036	Turner County proposes to use \$469,036 in CDBG funds to provide street paving and drainage improvements along Legg Road. The project consists of paving Legg Road and the creation of roadside ditches for drainage. The project will benefit 34 persons, of whom 25 (73%) are LMI. The total project cost is \$546,902 with \$50,866 in match and leverage funds.
1747	<b>Vidalia, City of</b> Drainage/Streets Improvements	\$750,000	The City of Vidalia proposes to use \$750,000 in CDBG funds to make street and drainage improvements in conjunction with city financed water and sewer improvements. The project consists of resurfacing and drainage along Bay Street between 4th and 7th Streets. This program will benefit 128 persons, of whom 106 (82%) are LMI. The total project cost is \$1,262,899, with \$512,899 in match and leverage funds.

SN	Applicant/Project	Amount	Description
1679	<b>Vienna, City of</b> Neighborhood Revitalization	\$715,000	The City of Vienna proposes to use \$715,000 in CDBG funds for housing improvements on Gregory and W. Woodward Streets. The project will rehabilitate four housing units, reconstruct eight housing units, and acquire and clear three housing units. The project will benefit 53 persons, of whom 49 (92%) are LMI. Rehabilitation and reconstruction activities will benefit 26 persons, all of whom will be LMI. The total project cost is \$753,391, with \$38,391 in match and leverage.
1697	<b>Villa Rica, City of</b> Water Improvements	\$750,000	The City of Villa Rica proposes to use \$750,000 in CDBG funds for water improvements in the North Avenue Target Area. The project will replace existing water pipes with 6- and 8-inch PVC water mains and laterals and install 3/4- and 1-inch PVC service lines, new fire hydrants, new water meters, and new service lines. The project will benefit 183 persons, of whom 136 (74%) are LMI. The total project cost is \$1,194,435, with \$444,435 in match and leverage.
1723	<b>Wadley, City of</b> Water Improvements	\$692,000	The City of Wadley proposes to use \$692,000 in CDBG funds for water improvements in a target area on North Main Street. The project will install 8,023 linear feet of 6-, 8-, and 10-inch PVC water main, install 750 linear feet of 6-, 8-, and 10-inch ductile iron water line, replace service lines, install new fire hydrants and related appurtenances. The project will benefit 130 persons, of whom 104 (80%) are LMI. The total project cost is \$803,000, with \$111,000 in match and leverage.
1738	<b>Walthourville, City of</b> Multi Purpose Center	\$500,000	The City of Walthourville proposes to use \$500,000 in CDBG funds for the construction of a public multi-purpose facility. The project consists of the construction of a new 3,600 square foot senior citizens and children/youth building. The project will benefit 110 persons, of whom 105 or 95% are LMI. The total project cost is \$617,543, with \$117,543 in match and leverage funds.
1765	<b>Ware County</b> Youth Center	\$750,000	Ware County proposes to use \$750,000 in CDBG funds for construction of a new youth center. The 4,830 square-foot facility will be used by the Magnolia House Youth Development Center. The project will benefit 385 persons, of whom 385 (100%) are LMI. The total project cost is \$823,371, with \$73,731 in match and leverage funds.
1711	<b>Warrenton, City of</b> Sewer Improvements	\$750,000	The City of Warrenton proposes to use \$750,000 in CDBG funds to replace aging and failing sewer lines within two target areas. The project will benefit 123 persons, of whom 100 (81%) are LMI. The project will rehabilitate approximately 5,264 linear feet of clay sewer lines through pipe-bursting, install approximately 400 linear feet of new 8-inch sewer lines, and rehabilitate 25 manholes. The total project cost is \$832,274.20, with \$82,274.20 in match and leverage funds.

SN	Applicant/Project	Amount	Description
1730	<b>Washington County</b> Developmental Disability Center	\$750,000	Washington County proposes to use \$750,000 in CDBG funds for public building construction. The project will construct a new 7,500 square-foot facility at 824 Golden Hawk Drive to replace the aging Washington County Service Center, which serves developmentally disabled adults. The project will benefit 48 persons, of whom 48 (100%) are LMI. The total project cost is \$1,035,000, with \$285,000 in match and leverage.
1720	<b>Washington, City of</b> Water/Sewer Improvements	\$644,340	The City of Washington proposes to use \$644,340 in CDBG funds for water and sewer improvements in a RAS target area which includes Meriwether Drive, Tate Street, and part of Old Skull Shoals Road. The project will replace outdated clay sewer mains with 2,125 linear feet of 8-inch PVC pipe, replace 11 manholes and 26 service connections, install 2,600 linear feet of 6-inch sewer service laterals, replace two 2-inch galvanized deadends with 6-inch PVC water main, and install gate valves and fire hydrants. The project will benefit 53 persons, of whom 53 (100%) are LMI. The total project cost is \$727,143, with \$82,803 in match and leverage.
1777	<b>Waycross, City of</b> Neighborhood Revitalization	\$613,504	The City of Waycross proposes to use \$613,504 in CDBG funds to address substandard housing conditions. The project consists of the rehabilitation of 8 owner-occupied deteriorated housing units and the reconstruction of 2 owner-occupied deteriorated and dilapidated housing units. This project will benefit 22 persons, of whom 100% are LMI. The total project cost is \$631,682, with \$18,178 in match and leverage funds.
1732	<b>Waynesboro, City of</b> Multi Infrastructure Improvements	\$750,000	The City of Waynesboro proposes to use \$750,000 in CDBG funds for multi-infrastructure improvements for Phase III of the Rosemont Neighborhood Revitalization Area Strategy. The project will install 1,500 linear feet of 8-inch PVC water main to connect/loop two existing mains, pipe burst and replace sewer mains, replace clay laterals, add curb and gutter to two streets, widen and pave a road, and resurface portions of another road. The project will benefit 163 persons, of whom 145 (88.96%) are LMI. The total project cost is \$850,000, with \$100,000 in match and leverage.
1740	<b>Wilcox County</b> Drainage/Streets Improvements	\$622,105	Wilcox County proposes to use \$622,105 in CDBG funds for road and drainage improvements. The project consists of paving Falcon Circle and creating 14,980 linear feet of storm drainage improvements. The project will benefit 75 persons, of whom 68 (91%) are LMI. The total project cost is \$708,105, with \$86,000 in match and leverage funds.
