2013 Market Study RFQ

Questions and Answers

Q1. We are unaware of any firm that is strictly a market analyst that carries E & O insurance, nor any other state that requires that coverage. Last year you had an opportunity to instead provide two years of financials. Can that be an option again this year?

A1. DCA will evaluate comments to the RFQ from firms that do not have the stated E & O Insurance. If DCA finds that having the requested E & O Insurance is not a normal business practice of the firms responding, and DCA determines that removing the requirement will not result in a reduction in the quality of the reports provided, DCA may waive this requirement for all Firms and Consultants.
