The contractors listed above have shown that they have the knowledge and experience to complete a market study in accordance to DCA Market Study requirements.

DCA will be adding additional market analysts on a "rolling" basis as their qualifications are approved by DCA. **DCA will require at least 30 days from the receipt of the complete qualification package from the prospective Market Analyst for its review and determination.**

DCA does not recommend any of the approved contractors, or guarantee that a study prepared by any of the contractors will meet DCA's Market Study requirements for a specific project. It is the owner's responsibility to work with and review the consultants work, to ensure the study meets DCA's Market Study requirements.
